

Lilli

A dramatic, involved and passionate storyteller, Lilli will envelope you in a world of story like you have never previously imagined. The audience will sing, dance, chant, clap, cheer, the kids will yell to be heard, whisper, creep to discover and laugh out loud. Lilli's energy and passion are infectious.

Lilli is a bilingual storyteller – Spanish and English although includes many languages in her tales as she honours the people of the world and the stories they have to tell. Australian born, of Pipil Indian descent (El Salvador) Lilli will share the stories and beauty of other nations with her audience. Children will learn as they play and imagine worlds brought to them by story. Families will share the experience, as no story is for just one age level. Prepare to be entertained!

Performances can be tailored to your audience. Lilli's aim is to develop a fun and magical connection with the children as she involves them and draws them into the world of story.

"Lillian's presentation was enthralling....She presented the stories in a way that created an amazing atmosphere that allowed us to feel that we were present in the actual story... I could easily sit through many more hours of Lilli's amazing presentation."
